Amenities

The flybridge of this yacht is a great place to enjoy the views while cruising. The wide, gently sloping stairs leading to the flybridge make for easy access, and the bimini top provides shelter from the elements.

The upper helm replicates the lower station in the electronics department, making it easy for the captain to control the yacht from either location. The large sunpad next to the helm and the massive U-shaped lounge provide plenty of seating options for guests to relax and enjoy the ride.

A sunpad on the foredeck, providing even more options for guests to catch some sun. The fact that each stateroom has its own ensuite is a great feature, as it provides guests with privacy and convenience.

The fact that the air conditioned crew's quarters are fully self-contained with a shower and a toilet is also a great feature, as it allows for the crew to have their own private space on the yacht. Overall, it sounds like this yacht has a lot of great features that would make for a comfortable and enjoyable cruising experience.
